Subject: Regarding vaccination mandates!

I always wondered how the holocaust happened, and no one stood up to stop it. And now I witness what I believe is the same happening in our country, as Big Pharma forces injections into our babies. Autism, ADD, ADHD, SIDS, allergies— have skyrocketed since 1986, when pharma was released of all liability. And the vaccination schedule has gone crazy.

Parents need the whole truth, and we need Choice. Where there is risk, there MUST be Choice over our own bodies. Do not remove a parent's right to make medical decisions for our kids. There has been no testing on the cumulative effect of the CDC schedule— and just look around! Our kids are sick with pharma-induced illnesses!

For the record, for God's sake, maintain our freedom. Don't sell out to big pharma and continue this holocaust.

Thank you.
